Dear Madam Muchoki,

## **REF: INTRODUCTION OF HANDBALL TO ROPHINE FIELD SCHOOLS**

### **A. WHO WE ARE**

Kids Beyond Limit (KBL) is a non-profit, Sport for Development organization based in Kenya, Registration number; **CLG-87T9LMW9**. It was started in 2008 in Korogocho slums but formally registered as Kids Beyond Limit in 2024, inspired by the unlimited possibilities a child can achieve in life if given a good environment anchored on UN SDG's;

- i. Good Health and well-being (SDG 3)**
- ii. Gender equality (SDG 5)**
- iii. Quality Education (SDG 4)**
- iv. Climate Action (SDG 13)**

### **B. OUR PILLARS**

We believe every child has a right to live, learn, play, and be safe, healthy, and free in a good environment. We use sports to inspire young people to reach their full potential and access education opportunities through sports scholarships. We are anchored on the following pillars;

#### **1. Handball**

Through the team sport of handball, young people build strength, discipline, teamwork, a feeling of belonging, and an understanding that success comes through hard work and dedication.

## 2. Education

Through handball, young people get scholarships to secondary schools, tertiary institutions, and universities to further their education hence breaking the cycle of poverty.

## 3. Youth leadership

Young people contribute to the design and delivery of our work, represent the conservation of the environment, and influence decision-making at every level of the organization. We mentor them into refereeing, coaching, and management careers to prepare them for the post-playing phase.

## 4. Mentorship

We offer guidance and support to young people to build the tools to overcome issues they are dealing with.

### C. WHY HANDBALL?

Through handball, young people can;

- i. Test themselves in peaceful competition against opponents
- ii. Deal with victory and defeat
- iii. Accept rules
- iv. Discover the limits of their bodies
- v. Integrate as team members
- vi. Integrate learning and fun
- vii. Acquire academic scholarship opportunities

We at Kids Beyond Limit believe that sports is a school that allows individuals to learn in a playful, fun manner, fundamental social skills, teamwork, rules, organizational abilities, structured use of free time, and handling of strong emotions. ***"Sport is NOT a luxury"***.
